RE: UTILISATION OF COMPUTERS DONATED BY HIS EXCELLENCY, THE PRESIDENT

A number of schools benefited from the donation of computers that His Excellency, the President made.

The purpose of the donation was to bring about computer literacy to the learners as well as the surrounding communities. The donation was also expected to facilitate introduction of computer studies in schools.

The attached letter from the Office of the President and Cabinet requires your school to make a report on how the donated computers have so far been utilised. Any challenges encountered should be highlighted.

The responses from all schools that received computers should be in Head Office by 28 February, 2006. These should be clearly marked for the attention of the undersigned.
